Injuries	<ul style="list-style-type: none"> - I believe there were no injury reports filed but please refer to the SASSA office for specifics.
No-shows	<ul style="list-style-type: none"> - One registered skater did not compete in any events and were assigned zero points for all missed finals. - Any skaters missing a final were assigned zero points. Any skater disqualified in a final were assigned last place points for that final.
Records	<ul style="list-style-type: none"> - Any record checking, if done, will be performed at the end of the season once the specific base records are established.
Advancements	<ul style="list-style-type: none"> - Advancements to primary file were based on placements. For example "Top 1 + 2" is taken to mean first places and the next two fastest second places. - Placements into secondary and tertiary finals was also based upon placements.
Electronic timing	<ul style="list-style-type: none"> - Was not in use.
Team Relays And Team Pursuits	<ul style="list-style-type: none"> - Division 1 did two relays but the skater names were not known to the office and so the results were not included in the protocol. - Division II relay and the team pursuits were included in the protocol but did not contribute points towards the medals awarded for individual events.
Observations	<ul style="list-style-type: none"> - Group 4 heats and finals for the 400m were initially set up with six on the line and therefore two heats and two finals. It was decided to switch to 3 heats with 4 on the line. As the schedule was already in place, manual adjustments were needed for events 52 and 62. While they show as single events, they were run as races 52A, 52B, 62A and 62B. Points were manually corrected and are properly reflected in the results filed in this protocol. - The 3000m points races were set up in the schedule with 6 on the line. This was run with 8 on the line (three finals merged into two) and the schedule was adjusted accordingly and is reflected in this protocol. - The drag races were run as heats and finals. Within the heats, the skaters raced three times and the accumulation of their placings was used to seed them into the primary, secondary and tertiary finals. For example, finishing first in each of your three heat races would have resulted in a accumulative score of 3 and you would have advanced to the primary final. There, three first places would also have resulted in a score of 3 and you would have been awarded 1000 points towards the medal standings. In the case of ties when advancing from heats, both skaters were moved up. - In event 131, the skaters completed one extra lap. The race was not rerun as it was determined that the extra lap did not alter any of the final placings. Therefore, all placings were entered and points awarded but the times were left out. - Division I skaters were seeded into groups using their 500m seed, Division II skaters were seeded using their 300m seed. Lots of skaters did not submit seeds and so coach estimates were used.
